E. Engin

THE FOUNDRY TRADE JOURNAL

(with which is incorporated THE IRON AND STEEL TRADES JOURNAL)

ESTABLISHED 1902

INDEX TO VOLUME LXXVII

September to December, 1945

A

A.I.D. Test House, Work of, 216
Allies Take Over Krupps, 310
Alloy Steel Rolling, Power Requirements in, 79
Aluminium Development Association, 332
American Foundry Industry, Growth of the, 34
American Foundrymen's Association, 24
American Wartime Developments in Grey-iron Foundry Practice, 303
Analysis of High Purity Zinc, 338
An Improved Sand Rammer, 362
An Investigation of the Constitution of Certain Foundry Bonding Clays, 180
Antimony, U.K. Consumption of, 165
Apprentices to Choose a Trade, Helping, 188
Associated Light Metal Industries, Limited, 240
Association of Bronze and Brass Founders, 90
Association Technique de Fonderie, 112
August Iron and Steel Output, 86

B

Battle of Steel, The, 252
B.C.I.R.A. "Bulletin" Index, 124
B.C.I.R.A. Elects New Members, 116
Beam Mill, A New Universal, 290
Bearings, Metal-powder Sintered, 292
Belgian Iron and Steel Industry, 285
Belgian Steel Industry, 40
Bombing of Germany, 308
Bonding Action of Clays, 354

Book Reviews:

Cast Iron in Building, 304
Commodity Control (2nd Edition), 56
Deep Drawing and Pressing of Aluminium Alloys, 362
Dictionary of Metallurgy, A, 283
It Can Now be Revealed, 210
Manufacture and Production of Aluminium-alloy Forgings and Stampings, The, 259
Methods of Testing Prepared Foundry Sands—First Report of the Joint Committee on Sand Testing, 346
Principles of Industrial Process Control, 259
Transactions of the Manchester Association of Engineers—Session 1944-45, 283
British Cast Iron Research Association, 347, 379
British Imports of Iron and Steel, 211, 260
British Industries, Efficiency of, 266
British Metal Corporation, 40
Bronze and Brass Founders, Association of, 90
Bronze Scrap, Sorting, 15

C

Cancellation and Reduction of War Contracts, 16
Carbide Dies, Wear Resistance of, 386
Casting Cast-iron Test-bars, Tentative Recommended Methods for, 57, 84
Casting Design, The Technological Principles of, 317, 339
Castings, Compressor, 351
Castings for Houses, 334
Castings, High-silicon Iron, 211
Castings, High Tensile Steel for, 47, 69, 101, 121
Castings Made in Static Moulds, A New Method of Feeding Applied to, 269, 293
Cast Iron, Residual Elements and Gas Contents of, 363
Catalogues, New, 2, 44, 144, 258, 350
Cause and Control of Microporosity in Magnesium Alloys, The, 155, 173, 205
Census of Production, 237
Charge Material in an Ironfoundry Cupola and Some Results Obtained, A New Method of Investigating the Behaviour of, 197, 229, 253
Clays, Bonding Action of, 354
Combined Supply and Production Departments, 236
Comments on a Pattern, 80
Compressor Castings, 351
Constitution of Certain Foundry Bonding Clays, An Investigation of the, 180
Consumption of Manganese Metal, 168
Consumption of Nickel, 237
Consumption of Non-ferrous Metals, 308
Control of Non-ferrous Metals, 16
Copper and Copper-alloy Products, Output of, 119
Core Paints and Washes, and Parting Powders, Mould and, 35

Correspondence:
An Appreciation of Hospitality, 144
Cleaner Pig-iron Wanted, 284
"Consistency and the Cupola," 24
"'Our' Five-year Plan," 162
Silico-calcium Additions, 304
"Steel Foundries at the Crossroads," 162
Cost and Technical Controls in the Foundry, 275
Course in Foundry Technology, 172
Crack Sensitivity in Welding, 10
Crane Foundry Acquired by Qualcast, 16
Crane Hook, I-Section, 235
Crankshafts, Fatigue Strength of, 307
Crucible and Tool Steel Association, 168
Crushers for the Far East, 67
Cupola Bed Lighting, 338

D

Damper, Heat-resisting, 2
Davy & United Engineering, 64
Death of Mr. James Henderson, 285
Debt Recovery, Limits of Time for, 236
Development Areas, Industry in the, 132
Developments at Horseley Works, 261
Director of F.B.I., New, 152
Discussion on the Gas Annealing of Whiteheart Malleable, A, 181
Disposal of Surplus Machine Tools, 81
Distribution of Industry Act, 1945, 370
Dolomite Linings for Basic Electric-arc Furnaces, 327
Dorman, Long & Company, 104
Dorman, Long Appointments, 60
Drawing Office Equipment, 354

E

Earnings of Manual Workers, 82
Effect of Dust on Electric Furnace Roofs, 10
Efficiency of British Industries, 266
Eire Iron and Steel Imports, 207
Eire, Steel to be Made in, 128
Electric-arc Furnaces, Dolomite Linings for Basic, 327
Electric Furnace Explosion, 362
Electric Furnace Roofs, Effect of Dust on, 10
Electric Melting in the Foundry, Some Aspects of, 3
Employment Service, Juvenile; 283
Enamelled Hollow-ware, 16
Engineering Standards, Unification of, 208
Engineering Students, Scottish, 168
Ethyl Silicate, 168
Examinations in Foundry Practice and Patternmaking, 192
Expansion Programme of South African Firm, 80
Export Control, Further Relaxations in, 106
Export of Surplus Machine Tools, 216
Exports of Non-ferrous Metals, 120

F

Factories Allocated, More Government, 104, 370
Factories Released, More War, 285
Factories, Release of, 190
Far East, Crushers for the, 67
Far East, Tin Production in the, 281
Fatigue Strength of Crankshafts, 307
F.B.I., New Director of, 152
Feeding of Steel Castings, The Gating and, 221, 245, 277, 323
Five-year Plan—An Invitation, The, 2
Foundry Bonding Clays, An Investigation of the Constitution of Certain, 180
Foundry Classes in Lancashire, 56
Foundry History, 346
Foundry Labour, Recruitment of, 214
Foundry Practice and Patternmaking, Examinations in, 192
Foundry Technology, Course in, 172
Foundry Trades' Equipment and Supplies Association, 46, 67
Foundry Workers Plan New Union, 386
Four-ton Open-hearth Furnace, 380
French Buying Commission for America, 24
French Foundry Commission Here, 46
French Foundry Delegation, 84
French Iron and Steel Industry, 237
Further Relaxations in Export Control, 106

G

Gas Annealing of Whiteheart Malleable, A Discussion on the, 181
Gating and Feeding of Steel Castings, The, 221, 245, 277, 323
German Industry, Technical Information About, 380
German Plant as Reparations, 124
German Steel Industry, 180
Germany, Bombing of, 308
Government Factories Allocated, More, 104, 370
Grey Cast Iron, Influence of Silico-calcium on the Properties of, 220
Grey-iron Foundry Practice, American Wartime Developments in, 303
Grey-iron Foundry Practice During the Period 1914-1944, A Review of the Major Changes in, 371
Growth of the American Foundry Industry, 34

H

Hadfields' Foundry Revisited, 134
Hale & Hale (Tipton), Limited, 328
Hardware and Ironmongers Prices, 218
Heat-resisting Damper, 2
Helping Apprentices to Choose a Trade, 188
Henderson, Death of Mr. James, 285
High-silicon Iron Castings, 211
High Tensile Steel for Castings, 47, 69, 101, 121
Hollow-ware, Enamelled, 16
Horseley Works, Developments at, 261
Houses, Castings for, 334
Housing Fittings, Mass Production of, 261
Hydraulic Cleaning in a Steel Foundry Fettling Shop, Initial Experience in, 11

I

I.C.I. Project, New, 356
Imports and Exports of Iron and Steel, 330, 386
Imports and Exports of Iron and Steel in 1945, 81

Imports of Iron and Steel, British, 211, 260
India, Steel Production in, 165
Index to Volume LXXVI, 162
Industrial Research, Survey of, 310
Industry Act, 1945, Distribution of, 370
Industry in the Development Areas, 132
Influence of Silico-calcium on the Properties of Grey Cast Iron, 220
Initial Experience in Hydraulic Cleaning in a Steel Foundry Fettling Shop, 11
In Parliament, 168, 238, 264
Institute Elects New Members, 353

Institute of British Foundrymen:

Foundry Classes in Lancashire, 56
Institute Elects New Members, 353
Papers for Institute's 1946 Meeting, 196
Branches and Sections—
Birmingham, Coventry and West Midlands branch, 100, 360
East Midlands branch, 125
Falkirk section, 154, 196
London branch, 124, 329
Newcastle-upon-Tyne branch, 268
Scottish branch, 196
Sheffield branch, 82
Slough section, 329
South African branch, 77
Wales and Monmouth branch, 154, 329, 377
West Riding of Yorkshire branch, 82, 209

Institute of Vitreous Enamellers, 134, 291, 305, 362
Institution of Metallurgists, 139, 291
International Meehanite Conference, 126
Investigation of the Constitution of Certain Foundry Bonding Clays, An, 180
Iraq, Steel Pipes for, 38
Iron and Steel Imports, Eire, 207
Iron and Steel in 1945, Imports and Exports of, 81
Iron and Steel Institute, 235
Iron and Steel Output in Spain, 327
Iron and Steel Prices, 166
Iron and Steel Production, August, 86
Iron and Steel Production, September, 168
Iron and Steel Production, Wartime, 150
Iron Castings, High-silicon, 211
Ironmongery Prices, Hardware and, 218
Iron Trade Employers' Insurance Association, 130
I-Section Crane Hook, 235

J

Joint Iron Council, 2, 117
Juvenile Employment Service, 283

K

Kent Alloys, Limited, Sale of, 110
Krupps, Allies Take Over, 310

L

Large Stress-relieving Furnace, 274
Lead, U.K. Consumption of, 210

Leaders:

Americans Examine British Magnesium Foundries, 23
Cast Iron Peace, A, 153
Crossroads for Steelfounders, 89
Factory Report and the Foundry Industry, The, 337
"First Things First," 315

Non-ferrous Foundry Research, 267
"Our" Five-year Plan, 111
Paris Revisited, 171
Plastics and Die Castings, 1
Re-staffing Industry, 361
What is Dirt? 243

Light Alloy Car, A New, 292
Light Alloy Manufacture in Wales, Wrought, 104
Light Alloy Plants at Redditch, 148
Light Metals Industry, 280
Light Rolled Steel Products Conference, 218
Limits of Time for Debt Recovery, 236

M

Machine Tools, Disposal of Surplus, 81
Machine Tools, Export of Surplus, 216

Magnesium:

Americans Examine British Magnesium Foundries, 23
Cause and Control of Microporosity in Magnesium Alloys, The, 155, 173, 205
Salvaging Magnesium Castings, 86
Uses for Magnesium, 284

Malleable Ironfounders' Chairman for 30 Years, 258
Malleablising Iron Castings, 53
Manchester Association of Engineers, 56, 116
Manganese Metal, Consumption of, 168
Manual Workers, Earnings of, 82
Mass Production of Housing Fittings, 261
Measuring Wall Thickness, 360
Meehanite Conference, International, 126
Metallurgical Course at Birmingham, 238
Metallurgist in Industry, The, 322
Metallurgists, Institution of, 130, 291
Metal Patternmaker, The, 378
Metal-powder Sintered Bearings, 292
Metal Prices, Stability in, 252
Methods of Production in the Post-war Foundry, 163
Microporosity in Magnesium Alloys, The Cause and Control of, 155, 173, 205
Modern Specialised Foundry, The, 135
More Government Factories Allocated, 104, 370
More War Factories Released, 285
Motion Study Exhibition, 60
Mould and Core Paints and Washes, and Parting Powders, 35

Moulding Methods for Sound Castings, A Study of, 25, 139
Mysterious Cause of Wasters, 244

N

New Catalogues, 2, 44, 144, 258, 350
New Director of F.B.I., 152
New I.C.I. Project, 356
New Light Alloy Car, A, 292
New Method of Feeding Applied to Castings Made in Static Moulds, A, 269, 293
New Method of Investigating the Behaviour of Charge Material in an Ironfoundry Cupola and Some Results Obtained, 197, 229, 253
New Patents, 42, 210, 258
New Scots Factories to Make Steel Houses, 46
New Spanish Metallurgical Association, A, 260
New Spray Booth, A, 68
New Standards Issued, 346
New Trade Marks, 18, 42, 242
New Universal Beam Mill, A, 290
Nickel, Consumption of, 237
Nickel, Rapid Spot Test for, 274
Non-ferrous Metals, Consumption of, 308
Non-ferrous Metals, Control of, 16
Non-ferrous Metals, Exports of, 120
Non-ferrous Scrap Metal Prices, 164
No Purchase Tax on Stoves and Grates, 194

O

October Pig-iron and Steel Ingot Production, 286
Open-hearth Furnace, 4-ton, 380
Output of Copper and Copper-alloy Products, 119
Overheating Ni-Cr-Mo Steel, 15

P

Painted Steel, Tin Undercoats on, 42
Papers for Institute's 1946 Meeting, 196
Parliament, In, 168, 238, 264
Parting Powders and Sands in Foundries, 290
Parting Powders, Mould and Core Paints and Washes, and, 35
Patents, New, 42, 210, 258
Pattern, Comments on a, 80
Patternmaker, The Metal, 378
Patternmaking, Examinations in Foundry Practice and, 192
Pig-iron and Steel Ingot Production, October, 286
Porcelain Enamel *v.* Expensive Alloys, 15
Power Requirements in Alloy Steel Rolling, 79
Production, Census of, 237
Production in the Post-war Foundry, Methods of, 163
Production of Whiteheart Malleable Iron by Annealing in Partially Burnt Town's Gas, 91, 113
Publications Received, 268, 316, 354
Purchase Tax on Stoves and Grates, No, 194

Q

Qualcast, Crane Foundry Acquired by, 16
Quality Control, 327

R

Rapid Spot Tests for Nickel, 274
Recruitment of Foundry Labour, 214
Regional Boards for Industry, 165
Relaxations in Export Control, Further, 106
Release of Factories, 190
Residual Elements and Gas Contents of Cast Iron, 363
Review of the Major Changes in Grey-Iron Foundry Practice During the Period 1914-1944, A, 371

S

Sale of Kent Alloys, Limited, 110
Salvaging Magnesium Castings, 86
Sand Rammer, An Improved, 362
Sands in Foundries, Parting Powders and, 290
Scientific Civil Service, 124
Scottish Engineering Students, 168
Scrap Metal Prices, Non-ferrous, 164
Screw Threads Conference, 46
September Iron and Steel Production, 168
Silica Flour in the Foundry, Substitutes for, 143
Silicate, Ethyl, 168
Silico-calcium on the Properties of Grey Cast Iron, Influence of, 220
Skin Protection for Industrial Workers, 116
Some Aspects of Electric Melting in the Foundry, 3
Sorting Bronze Scrap, 15
South African Foundrymen Elect New Officers, 77
South African S.O.S., A, 108
Spain, Iron and Steel Output in, 327
Spanish Metallurgical Association, A New, 260
Specialisation and a Sense of Proportion, 100
Spray Booth, A New, 68
Stability in Metal Prices, 252
Standards Issued, New, 346
Staveley Coal & Iron Company, 384
Steel Castings by the Thermit Process, 36
Steel Castings, The Gating and Feeding of, 221, 245, 277, 323
Steel Control's Birmingham Offices, 112
Steel Federation's Independent Chairman, 86
Steel Houses, New Scots Factories to Make, 46
Steel Ingot Production, October Pig-iron and, 286
Steel Pipes for Iraq, 38
Steel Prices and Exports, 237
Steel Production in India, 165
Steel Production Since 1939, 120
Steel, The Battle of, 252
Steel to be Made in Eire, 128
Steel Wire Price Changes, 261
Stoves and Grates, No Purchase Tax on, 194
Stress-relieving Furnace, Large, 274
Study of Moulding Methods for Sound Castings, A, 25, 139
Submarines Built by Inland Firms, 46
Subscriptions to Technical Institutions, 334
Substitutes for Silica Flour in the Foundry, 143
Supply and Production Departments Combined, 236
Survey of Industrial Research, 310

T

Technical Controls in the Foundry, Cost and, 275
Technical Information About German Industry, 380

Technical Institutions, Subscriptions to, 334
Technological Principles of Casting Design, The 317, 339
Tentative Recommended Methods for Casting Cast-iron Test-bars, 57, 84
Thermit Castings, 134
Thermit Process, Castings by the, 36
Thirty Years Ago and To-day, 125
Tin Production in the Far East, 281
Tin Supplies, U.S., 123
Tin, U.K. Consumption of, 237
Tin Undercoats on Painted Steel, 42
Trade Fairs, To Advise on, 216
Trade Marks, New, 18, 42, 242
Training Executives for the Vitreous Enamelling Industry, 144

U

U.K. Consumption of Antimony, 165
U.K. Consumption of Lead, 210
U.K. Consumption of Tin, 237
U.K. Consumption of Zinc, 119
Undercoats on Painted Steel, Tin, 42
Unification of Engineering Standards, 208
